## Vitality & Wellness Injections

### Beauty

- **Biotin** is specially formulated to promote stronger hair, healthier nails, and glowing skin.

### Rejuvenation

- **Glutathione** Improves immune response, helps metabolize toxins and activate enzymes, aids the liver in metabolizing alcohol, reduces the amount of fat stored in the belly, helps reduce oxidative stress, and improves complexion.
- **NAD+** It is a vital coenzyme found in every cell of the body. Levels naturally decline with age, stress, poor sleep, and chronic illness. Restoring NAD+ helps support cellular energy, brain function, and healthy aging

### Weight Loss

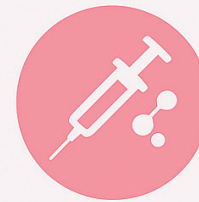

- **Lipo-Mino-Mix-C** Enhance your weight loss efforts by boosting fat burning, increase energy and support in achieving a leaner body.
  - B6: May enhance energy by promoting red blood cell production.
  - Methionine: May aid in the metabolism of sugars and carbohydrates.
  - Inositol: May boost energy production from food.
  - Choline: May accelerate fat metabolism and recovery times.
  - B1 Thiamine: May support the immune system and energy conversion.
  - B2 Riboflavin: May fuel metabolism and immune health.
  - Carnitine: May improve fat metabolism, energy levels, and muscle building while reducing recovery times. (\*exclusive to Lipo-Mino-Mix-C)
- **LipoStat Plus - SF** commonly prescribed for those who are part of a medically supervised weight loss program. Sulfur Free.
  - Inositol: Converts food into energy, supporting a more active metabolism
  - Choline: Reduces muscle recovery time and aids in converting fat into energy.
  - B6: Essential for red blood cell production and converting food into energy.
  - B12: Helps in energy production by converting carbohydrates into glucose

### Wellness

- **Vitamin B12** is Important in the maintenance of our metabolism, blood cells, and nerve function.
- **Vitamin D3** is crucial to the building and maintenance of healthy bones and teeth.
- **Tri Immune Boost** is a comprehensive immunity-enhancing formula that includes a powerful blend of glutathione, zinc sulfate and ascorbic acid, all working synergistically to fortify the body's immune defenses.
